

PBNI Equality Impact Screening

Part 1 Policy Scoping

Information about the policy

This form should be read in conjunction with the Equality Commission's revised Section 75, "A Guide for Public Authorities" April 2010 and available via the following link [S75 Guide for Public Authorities April 2010](#). Staff should complete a form for each new or revised policy for which they are responsible (see page 6 for a definition of policy in respect of section 75).

The purpose of screening is to identify those policies that are likely to have an impact on equality of opportunity and/or good relations and so determine whether an Equality Impact Assessment (EQIA) is necessary. Screening should be introduced at an early stage when developing or reviewing a policy.

Part 2 Equality Screening Questions

SCREENING QUESTIONS

- 2.1** In making a decision as to whether or not there is a need to carry out an equality impact assessment, consider questions 2.5 -2.8 listed below.
- 2.2** If the conclusion is **none** in respect of all of the Section 75 equality of opportunity and/or good relations categories, then the decision may to screen the policy out. If a policy is 'screened out' as having no relevance to equality of opportunity or good relations, give details of the reasons for the decision taken.
- 2.3** If the conclusion is **minor** in respect of one or more of the Section 75 equality categories and/or good relations categories, then consideration should still be given to proceeding with an equality impact assessment, or to:
- i.measures to mitigate the adverse impact; or
 - ii.the introduction of an alternative policy to better promote equality of opportunity and/or good relations.
- 2.4** If the conclusion is **major** in respect of one or more of the Section 75 equality of opportunity and/or good relations categories, then consideration should be given to subjecting the policy to the equality impact assessment procedure.

2.5 Equality Impact

What is the likely impact on equality of opportunity for those affected by this policy, for each of the Section 75 equality categories? Minor Major None		
Section 75 category	Details of policy impact	Level of impact? Minor Major None
Religious belief		None
Political opinion	<p>Glengormley – alternative location Antrim Road or HQ – Further discussion on the logistics of BT37 cases using Antrim Road will need to be resolved as those from the Southern part of Newtownabbey would be required to get a bus into the city centre and a second bus up the Antrim Road although Shore Road buses stop on York Road near York Road PSNI station and clients could walk to the Antrim Road [10 minutes] albeit this would be across an interface.</p> <p>The high number of BT37 cases would be from the unionist population. For BT36 clients Antrim Road bus route very good for all points from Ballyclare via Glengormley centre. Given the closure is timetabled for November 14th clients are just now being prepared for the closure and new reporting arrangements – again Antrim Road being offered. Also again PSR interviews are offered all at Antrim Road for the BT36 and BT37 client with no issue.</p>	None
Racial group		None
Age		None
Marital status		None
Sexual orientation		None
Men and women generally		None

Disability		None
Dependants		None

2.6 Promotion of Equality

Are there opportunities to better promote equality of opportunity for people within the Section 75 equalities categories?		
Section 75 category	If Yes , provide details	If No , provide reasons
Religious belief		This policy will promote equality of opportunity through the effective use of community resources in the North Belfast and Newtownabbey areas.
Political opinion		As above
Racial group		As above
Age		As above
Marital status		As above
Sexual orientation		As above
Men and women generally		As above
Disability		As above
Dependants		As above

2.7 Good Relation Impact

To what extent is the policy likely to impact on good relations between people of different religious belief, political opinion or racial group? Minor Major None		
Good relations category	Details of policy impact	Level of impact Minor Major None
Religious belief	Possible positive impact will be the sharing of community resources with the North Belfast Area	Minor
Political opinion	Possible positive impact will be the sharing of community resources with the North Belfast Area	Minor
Racial group	Possible positive impact will be the sharing of community resources with the North Belfast Area	Minor

2.8 Promotion of Good Relations

4 Are there opportunities to better promote good relations between people of different religious belief, political opinion or racial group?		
Good relations category	If Yes , provide details	If No , provide reasons
Religious belief		None
Political opinion		None
Racial group		None

Additional considerations

Multiple identities

2.9 Generally speaking, people can fall into more than one Section 75 category. Taking this into consideration, are there any potential impacts of the policy/decision on people with multiple identities?
(For example; disabled women; young Protestant men; and young lesbians, gay and bisexual people).

A small number of Young men will be mostly affected by this closure.

2.10 Provide details of data on the impact of the policy on people with multiple identities. Specify relevant Section 75 categories concerned.

Alternative arrangements have been made in North Belfast and Belfast Headquarters.

2.11 Is there an opportunity through this policy for PBNI to promote positive attitudes towards disabled people or encourage the participation of disabled people in public life?

Yes

No

If answered yes detail how this will be achieved: -

Part 3 Screening decision

3.1 If the decision is not to conduct an equality impact assessment, please provide details of the reasons.

Through the process of screening the decision to close the Glengormley Reporting Centre no equality issues have been identified by staff or service users. PBNI has put in place sufficient measures to ensure anticipated equality issues are mitigated through the flexibility of staff.

3.2 If the decision is not to conduct an equality impact assessment consider if the policy should be mitigated or an alternative policy be introduced.

N/A

3.3 If the decision is to subject the policy to an equality impact assessment, please provide details of the reasons.

N/A

Mitigation

3.4 When the likely impact is 'minor' an equality impact assessment is not to be conducted, mitigation may lessen the severity of any equality impact, or the introduction of an alternative policy to better promote equality of opportunity or good relations. Can the policy/decision be amended or changed or an alternative policy introduced to better promote equality of opportunity and/or good relations and if so, give the **reasons** to support your decision, together with the proposed changes/amendments or alternative policy.

The inconvenience that this reporting centre closure causes clients has been mitigated through agreement to see clients in either PBNI Antrim Road or YJA office in Whiteabbey Hospital.

Date Screening Completed: 15 September
