INVESTOR IN PEOPLE

Equality Monitoring Form

Equality monitoring is a requirement that is made of all public bodies here in Northern Ireland to identify and monitor who uses their services by equality category. Under Section 75 of the Northern Ireland Act 1998 public bodies have a duty to promote equality of opportunity and good community relations. We can do this better by understanding which groups in society we have dealings with or use our services.

Making local communities safer by challenging and changing offenders' behaviour.

Please keep this leaflet for information and reference purposes.
This leaflet may be produced in different formats on request.

Information required for Equality Monitoring

If you require any assistance in completing this form please ask a member of PBNI staff.

PBNI is committed to monitoring the services we deliver in line with our Equality Scheme. We do this to improve our services, promote equality of opportunity and good community relations.

PBNI may share anonymised statistical information with other Criminal Justice Agencies to assist in identifying wider equality issues across the Criminal Justice sector. Information gathered through this equality questionnaire will not be used to identify any individual and your personal equality information will not be shared with members of staff.

Completion of these questions is voluntary; however the information gathered will be used to advise PBNI on equality issues facing the organisation so your participation will be appreciated.

Section 75 requires us to monitor the following groups that make up our society.

- Age
- Marital Status
- Gender
- Dependant responsibilities
- Disability
- Nationality
- Racial Group
- Religious Belief
- Sexual Orientation
- Political Opinion
