Draft PBNI Disability Action Plan 2015-2020 - For Consultation

Foreword

Welcome to the Probation Board for Northern Ireland (PBNI) Disability Action Plan 2015-2020 which sets out how we intend to meet our statutory obligations and also how disability issues will be more effectively mainstreamed by making sure they are central to the whole range of policy and decision making within PBNI.

This Disability Action Plan is a statement of the PBNI's commitment to meeting its statutory obligations to have regard to the need to promote positive attitudes towards disabled people; and encourage participation by disabled people in public life.

Introduction

Under Section 49A of the Disability Discrimination Act 1995 (DDA 1995) (as amended by the Disability Discrimination (Northern Ireland) Order 2006), the Probation Board for Northern Ireland (PBNI) is required when carrying out its functions to have due regard to the need to:

- promote positive attitudes towards disabled people; and
- encourage participation by disabled people in public life .

The Probation Board for Northern Ireland is also required to submit to the Equality Commission a **disability action plan** setting out how it proposes to fulfil these duties in relation to its functions.

Commitment

PBNI is committed to the effective implementation of its disability duties and this Disability Action Plan. We will allocate the necessary resources in order to implement this plan effectively, and where appropriate, build objectives and targets relating to the disability duties into corporate and annual operating plans.

Day to day responsibility for implementation of the Action Plan lies with the Director of Probation who, through the Equality Manager, is responsible for

overseeing and managing the implementation of this action plan to ensure that the disability duties are complied with. Actions will be kept under review by the PBNI Equality Manager. PBNI will also put appropriate internal monitoring arrangements in place to ensure that the action plan is effectively implemented.

We confirm our commitment to submitting an annual progress report on the implementation of this plan to the Equality Commission and carrying out a five year review of our disability action plans and submitting this review to the Equality Commission for Northern Ireland.

Communication

We will communicate this plan to staff and provide training and guidance for staff on the disability duties and the implementation of the plan.

A copy of this and our previous Disability Action Plan, Annual Progress Reports to the Equality Commission as well as PBNI's five year review of its Disability Plans are available on our website www.pbni.org.uk.

Consultation and Engagement

We believe that the involvement of disabled people in the development of this action plan is essential to its success. To this end we have sought the views of staff and groups representing people with a disability about service delivery and employment issues. We consulted with different groups representing people with a disability and advertised the consultation of this plan through the Board's website.

PBNI is committed to involving disabled people in the delivery of this plan and its further development. We will ensure that this plan remains a live document and that progress is noticeable and changes apparent. To this end we will update the action plan, if during the five years; we identify actions that should be incorporated into the plan as a result of our consultation with service users.

We are grateful for the time and expertise people and groups have given to the development of this plan and are thankful for all the comments received both from our own staff and from people who have taken the time to respond to our external consultation.

Any future amendments to this plan will be communicated to consultees and the Equality Commission for Northern Ireland.

Alternative Formats and Publication

If you require this plan in an alternative format (such as in large print, in Braille, on audio cassette, easy read or on computer disc) and/or ethnic minority language, please contact us to discuss your requirements.

The Work of the Probation Board

The work of PBNI is often complex and multi-faceted, but can be summarised in five core elements:

1. Ensuring sentence compliance means that PBNI holds offenders to account in terms of keeping to the requirements of a court order or conditions of a licence and will take appropriate enforcement action where there is evidence of non-compliance.
2. Challenging offending means PBNI engages with offenders in order to produce positive changes in attitudes and behaviours which will impact

on and reduce their likelihood of offending in the future. This involves supporting the offender to commit to change through constructive and effective interventions.

3. Minimising harm means that PBNI contributes to community safety through the appropriate and proportionate use of constructive and restrictive measures and controls to minimise the risk of harm to others and promote the safety of victims. This work is undertaken within multi-agency risk management arrangements.
4. Promoting responsible citizenship means that PBNI supports offenders to become more responsible citizens and better integrated into the community. This work involves PBNI in enabling offenders to access appropriate services, promoting social inclusion of offenders and assisting them to make positive choices about their own behaviour.
5. Providing Support means that PBNI works to improve and safeguard the social well-being of individuals, families and communities.

The focus of all of the work undertaken by the Probation Board is to reduce offending and making communities safer. These elements are incorporated into the full range of work undertaken by PBNI staff. We recognise that we are dealing with people, and therefore we assess each individual's risks and needs to put in place a programme of work which aims to reduce their likelihood of offending in the future.

Public Life Positions

The Probation Board for Northern Ireland is a Non-Departmental Public Body. Public life appointments to positions including the Board are the responsibility of the Department of Justice.

PBNI is considering how best to gather service user feedback and will seek to identify a people to represent the interests of services users, PBNI will take appropriate steps to identify disabled people to participate fully.

Achievements

Below are some of the achievements delivered through PBNI's previous Disability Action Plan 2010 - 2014.

- PBNI implemented a programme of equality monitoring designed to understand the equality profile of service users including disability. This information is now used regularly as part of policy development and equality screening.
- PBNI has ensured that new PBNI offices have ground floor accessible offices for service users and staff or that suitable and accessible lifts are in operation to ensure that our premises are accessible.
- PBNI continues to work in partnership with criminal justice organisations to promote good equality practice through the Criminal Justice Equality Network CJEN.
- Under PBNI's revised Equality Scheme all policies are screened to identify if there are opportunities to promote positive attitudes and engagement in public life.
- All PBNI personnel involved in recruitment and selection receive bespoke equality training which includes awareness of steps that are permitted in law to enable the fair participation of disabled people in recruitment and selection procedures.
- PBNI has convened a Good Relations Group chaired by the Deputy Director of Probation and comprises of senior managers from across the organisation. This group considers PBNI's section 75 (2) responsibilities as well as disability issues.
- PBNI Induction training on Equal Opportunities has been expanded to specifically raise awareness of our disability duties under DDA.

- Bespoke disability awareness training on mental health and specific learning difficulties has been designed and delivered to staff by PBNI Psychology Department.
- PBNI publishes articles in its staff magazine 'Probation News' that raise awareness of various forms of disability including sensory, learning, physical, mental health and long-term illness.

Action Measures

Outlined below are measures that PBNI proposes to take during the next five years to promote positive attitudes towards people with disabilities.

To promote positive attitudes towards disabled people we must remove cultural and physical barriers. We are committed to actions that will help remove the disadvantage and social exclusion experienced by many disabled people. We have decided for our third disability action plan 2015 - 2020 to concentrate on a smaller number of achievable actions that will lead to tangible improvements in the lives of disabled people.

The PBNI Disability Action Plan 2015 - 2020 focuses on key areas to help secure improvements and changed attitudes:-

- Engagement in Public Life
- Promoting Positive Attitudes
- Communications
- Compliance
