

The Victim Charter

If you are a young victim of a crime remember that you have the right to...

1

Information

Someone should tell you about the important things happening with your case, like if you have to go to court.

2

Ask questions

If you don't understand something, it's OK to ask.

3

Comfort

You can bring someone you trust to the police station and court.

4

Support

If you are worried about anything there are people that can help and support you.

5

Pre-visits

You can go and see the court before the case to have a look around.

6

Protection

You can be kept away from the alleged offender wherever possible.

7

Speak up

You can always tell someone if you feel worried or upset.

8

Fair treatment

If you don't think you are being treated fairly you can talk to someone about it.
